STAR10 PRODUCTION

manufacturing plant for refrigerated tables and upright refrigerators by the R.S.I. in Salonicco's area

central logistics warehouse in Lainate (Milan)

manufacturing plant for stainless steel tables and sinks by the Stainless Steel Performance Company Treviso's area

manufacturing plant for toasters and salamanders, made 100% for STAR10, in Varese's area

manufacturing plant for cooking appliances, made 100% for STAR10, in Como's area

manufacturing plant for cooking ranges by the Aliberino x Company in Madrid's area

The actual manufacturing's capacity can be easily increased or doubled due to the flexibility of the manufacturing plants, particularly those where 100% manufacturing is made for STAR10.

QUALITY STANDARD

Quality is not a control matter.... but just created!

COMMERCIAL CONNECTIONS

*At the time being we have some commercial connections in **China** for the purchase of semifinished parts. Actually we have no production in Far East and there is also no plan for the near future.*

FIRST CLASS COMPONENTS

All components are bought in Europe from first class quality manufacturers, like E.G.O., IRCA, Mori 2A, Schott, Signallux, IMIT, Sit la Precisa.
